

Contrary to the hopes of many, the pandemic continued in 2021 and the State's mask mandate remained in place for the entire year. We maintained our focus on outdoor events to mitigate the risk of COVID transmission. We cancelled the August Rummage Sale out of concern for the health of both volunteers and customers. Board meetings were conducted on-line using Zoom. Once again, we appreciate the financial support and encouragement of our membership at this challenging time.

2021 Accomplishments:

We continued to produce monthly editions of the Hansville Log with expanded content and use of local color photographs. Printed copies of the Log are available on request. We also maintained our website: hansville.org.

We organized a series of four monthly Zoom presentations on overseas travel. The countries featured were the United Kingdom, Argentina and the Czech Republic. There was also a presentation on a round-the-world cruise.

We partnered with the Hansville Community Church to hold a car-based scavenger hunt during Easter weekend.

We awarded \$7,500 in scholarships to 5 students from the Greater Hansville community.

We held our Picnic in the Park and Car Show in July. 168 car owners registered for the event which was very well attended by the public.

Pam Lindgren RN, provided Foot Clinics two times a month, year round, in our East Room..

We conducted a three-day Book Sale in October where groups of customers could browse at leisure.

We held an outdoor Halloween event and a Christmas visit from Santa for local children.

We partnered with Hansville Helping Hands to arrange a Holiday Food Drive in aid of ShareNet, the Kingston-based food bank during November.

Appreciation:

We wish to express our gratitude to the generous individuals and families who have given so generously to the Center during the past year so that we could meet our day-to-day operating costs. The following donations were received: General Fund (\$16,090), the Endowment Fund (\$7,845), the Scholarship Fund (\$705), the Log Production Fund (\$355) the Neighbor's Lunch Fund (\$185) and Miscellaneous Contributions (\$134). Since GHCC is a 501© (3) all contributions are potentially tax deductible. *

Outlook for 2022:

I will continue to serve as Board President in 2022. Governor Inslee removed the State mask mandate on March 12 2022 and the Center opened to events with limited seating later that month. Everyone is encouraged to wear a mask at our events if they wish. Since the COVID virus continues to evolve our plans are subject to change. Please continue to visit hansville.org and read the Hansville Log for the most current information. Thank you for your flexibility.

Christy Mackey
GHCC Board President

* GHCC acts as a fiscal agent for neighborhood organizations i.e. Hansville Helping Hands, Buck Lake Native Plant Garden, the Hansville Greenway, Little Boston Library support, the Hansville History Project and Norwegian Point Park which are separately organized.
